

Application for a German Passport (ePass) at the Consulate General in Hong Kong

General information

You can apply for a passport at the German Consulate General in Hong Kong, if you are a resident in Hong Kong or Macao AND you are not registered in Germany anymore.

If you are registered in Germany or any other state than Hong Kong or Macao the application of a passport is only possible in exceptional cases and after consulting with the competent German passport authority. Not only will that cause a prolonged processing time but also increases the total cost of the passport. Additional charges of 60.00 EUR (if under the age of 24 years the additional charges amount to 37.50 EUR) are due at the time of application.

Applicants must be present *in person* at the Consulate General, as it is obligatory to have the applicant's fingerprints scanned during the application process. This especially affects all passport applicants of 6 years and older.

Please note that it is also obligatory for children under the age of 6 to be present at the application together with all persons having the custody of the child. Since 2012 child entries in the parents' passports are not valid anymore, therefore all children need their own travel documents when travelling abroad.

To file your passport application you will have to arrange an appointment. Please note that you will have to book an appointment for each applicant. Further information regarding our appointment system can be found on our [website](#).

Processing time

It generally takes approx. 4 weeks from application to pick-up of a passport. If the passport is needed earlier, it is possible to shorten the normal processing time to about 2 weeks for an additional fee of 32.00 EUR.

The current passport will be handed back to you right after the application process is completed. But please do not forget to bring the then old passport along when you pick up the new one!

Important notice

If the issuance of a temporary passport (equals an emergency passport with a 1-year validity) is unavoidable, please note that you are required to apply for a normal passport as well. The processing time for an emergency passport is 1-3 working days.

Validity of the passport

Applicants up to the age of 24 will receive a passport with a 6-year validity; over the age of 24 years the passport will be valid for 10 years. It is not possible to prolong the validity of a passport or to add pages when the passport is full before it expires.
