

Student Applicant's Visa

Applicants who have not yet been accepted by a certain university can apply for a study applicant's visa. It is valid for 3 months and can later be converted into a residence permit for study purposes after official admission by a university. Please note that you **cannot apply for a residence permit** in Germany and that you **cannot convert** a "tourist visa" into a "student visa".

The residence permit can be issued only upon approval by the competent authorities in Germany. This procedure takes **2 to 3 months**. You will be notified as soon as the approval is granted.

All applicants must produce a valid passport (persons without a residence status in Hong Kong cannot apply). A **flight ticket** is **not** to be purchased until the visa has been granted. It is the applicant's responsibility to ensure that his/her application is submitted in time. Bad planning on the applicant's side does not automatically warrant exceptional handling from our side.

The fee for the processing of the visa application of an adult is the equivalent of **Euro 75.00** and has to be **paid in HKD in cash**.
